U.S. Citizenship & Immigration Services recently published a significantly revised Employment Eligibility Verification Form I-9 that is required to be completed by all employers for each employee hired in the United States. The U.S. Government continues to pledge enforcement action through Form I-9 audits and site investigations, and states are increasingly bridging the gap with E-Verify mandates. In this program, we will discuss the latest developments with the Form I-9, E-Verify and Employer Sanctions, and how your company can build and maintain a culture of compliance.
