

# Jump Start your Construction Career and Rebuild the Gulf Coast

**Enroll now in Short-Term Introductory Construction Trade Courses**

In partnership with colleges across the region, Workforce Solutions is offering short-term introductory training opportunities to help meet the post-Harvey construction shortages in the Gulf Coast region. These short-term, fast-paced opportunities provide an easy way to onboard your career in electrical, plumbing, welding, HVAC Installation, and pipefitting, only to name a few, while learning basic construction skills needed to jumpstart your career in the craft trades.

**For a complete listing of available short-term introductory construction trade courses visit:**
