

Training Provider Report Card

2000 to 2008

Summary performance data for training providers offering training in high-skill, high-wage occupations for Workforce Solutions' customers from 2000 to 2008

Workforce Solutions, the Gulf Coast Workforce Board's operating affiliate, provides scholarships for customers who want and need training in a wide array of **High-Skill, High-Growth Occupations**. This report presents performance data for the different providers our customers used to obtain training. The data collected covers the customers for whom **Workforce Solutions** provided financial assistance for training. We requested information from these providers and included information we received. You would need to contact the individual providers for their complete performance data.

We present the data in three views:

- First, we show results for each of the **High-Skill, High-Growth Occupations**.
- Second, we present data for each **High-Skill, High-Growth Occupation** by provider.
- Finally we show summary data for each provider by **High-Skill, High-Growth Occupation**.

For each view, we show:

- the total number of our customers who stopped receiving services for training from 2000 to 2008. Some of these customers completed training. Other customers stopped receiving our assistance for a variety of reasons: health reasons, inability to complete training, incarceration, etc. We do not have definitive data to determine the reason the customer stopped receiving assistance.
- the number (and percent) of those customers who attained a credential,
- the number (and percent) of customers who were employed in the calendar quarter after the quarter in which their training service ended, and
- the number (and percent) of those customers who were employed in a job related to their training. This information is recorded by **Workforce Solutions** staff when they have relevant information about the employment.

For more information on the Gulf Coast Workforce Board's high-skill, high-growth occupations, or *Workforce Solutions'* financial aid, visit us on the web at <http://wrksolutions.com>

Notes

- 1 Data for the period January 1, 2000 through December 31, 2008 for customers in training at these providers supported by Workforce Solutions. These customers stopped receiving assistance for this training from Workforce Solutions during the report period.
- 2 Data summed for all campuses within a system.
