

START YOUR CONSTRUCTION CAREER TODAY!

Class starts July 12, 2021!

Industry experts will train & certify you in the Multi-Craft Core Curriculum (MC3), CPR, and OSHA10.

Workforce Solutions & The Gulf Coast Building & Construction Trades Council will provide career coaching and interviews with employers who have immediate openings for apprentices & other entry-level workers.

Join a community of workers who are hungry to begin careers in construction and gain a support system to help you earn your certification and maximize your full earning potential!

Participants must:

- Want to start a career in the construction industry
- Commit to 3 weeks of classroom training from 7a – 3p, Monday – Friday
- Be 18 years of age or older for insurance purposes
- Pass urine, hair follicle, & nail scrape drug screen upon classroom enrollment & hire
- Possess HS/GED with transcript or GED test grades
- Be eligible to work in the US
- If male, meet U.S. Selective Service registration requirements
- If Veteran, possess DD-214 Military discharge papers
- Have reliable transportation across the Greater Houston-Galveston region
- Be able to add, subtract, multiply, and divide fractions and decimals

Participants will learn:

- Overview of the Construction Industry
- Tools and Materials
- Construction Health and Safety (including OSHA10 & CPR)
- Blueprint Reading
- Basic Math for Construction
- Heritage of the American Worker
- Diversity in the Construction Industry
- Green Construction
- Financial Literacy
- Interviewing Skills
- More about crafts, career paths, training programs, and wages

Candidates must meet suitability and eligibility requirements to participate in this training & job placement opportunity.
