

### IN DEMAND: PROBLEM SOLVERS ARE HOT ITEMS

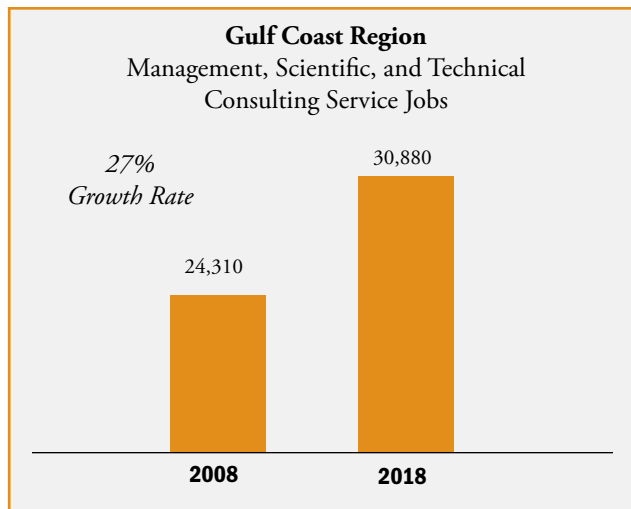

Management, scientific and technical consulting services companies help organizations improve their performance through the analysis of business problems and planned development for improvements. Organizations use consulting companies for a number of reasons:

- Obtain objective advice and recommendations
- Access specialized expertise
- Help with a specialized or one-time project

### Consulting services exist in numerous specializations:

- Administrative management and general management
- Information technology
- Human resources
- Marketing
- Process, physical distribution, and logistics
- Environmental issues

### The Industry's Rapid Growth Is Much Higher Than The 19.4 Percent Average For All Industries.

Today's market offers a large number of opportunities for management, scientific, and technical consulting services. Education and training requirements differ depending on career.
