

The Gulf Coast Workforce Board

# Training Provider Report Card

2012 to 2016

Summary performance data for training providers offering training in high-skill, high-wage occupations and

basic skills for Workforce Solutions' customers from 2012 to 2016

**Workforce Solutions**, the Gulf Coast Workforce Board’s operating affiliate, provides scholarships for customers who want and need training in a wide array of **High-Skill, High-Growth Occupations**. In addition, **Workforce Solutions** provides basic skills training for customers to prepare for employment or training. This report presents performance data for the current authorized providers our customers used to obtain training. The data collected covers the customers for whom **Workforce Solutions** provided financial assistance for training. You would need to contact the individual providers for their complete performance data.

We present the data for our current **High-Skill, High-Growth Occupations** for a five-year period in three views:

- First, we show results for each of the **High-Skill, High-Growth Occupations**. **Page 3**
- Second, we present data for each **High-Skill, High-Growth Occupation** by provider. **Page 4**
- Finally, we show summary data for each provider by **High-Skill, High-Growth Occupation**. **Page 14**

For each view, we show:

- The total number of our customers who stopped receiving services for training from January 2012 through December 2016. Some of these customers completed training. Other customers stopped receiving our assistance for a variety of reasons: health reasons, inability to complete training, incarceration, etc. We do not have data to determine the reason the customer stopped receiving assistance.
- The number (and percent) of those customers who attained a credential.
- The number (and percent) of customers employed in the first or second calendar quarter after the quarter in which their training service ended. There is a separate count for each calendar quarter.

We present the data for basic skills in two views:

- First, we show results for basic education skills by provider. **Page 26**
- Second, we show results for basic computer skills by provider. **Page 27**

For more information on the Gulf Coast Workforce Board’s high-skill, high-growth occupations, or **Workforce Solutions’** financial aid, visit us on the web at <http://wrksolutions.com>.

### Notes

- 1 Data for the period January 1, 2012 through December 31, 2016 for customers in training at these providers supported by Workforce Solutions. These customers stopped receiving assistance for this training from Workforce Solutions during the report period.
- 2 Data summed for all campuses within a system.
