County Employment Data*

The rate of unemployment in Walker County rose two-tenths of a percentage point to 4.4 percent in February, the same as it was a year earlier. The local rate of unemployment was slightly higher than the broader state's 4.3 percent rate but lower than the nation's 4.5 percent rate. Total covered employment in the county was down 178 jobs over third quarter 2024, down 0.7 percent. The loss was in line with the historical average third-quarter loss of 182 jobs, down 0.8 percent, but it was concentrated in Leisure and Hospitality, down 131 jobs or 5.2 percent, and Professional and Business Services, down 63 jobs or 6.9 percent, instead of the typical seasonal declines in state and local educational services. The only substantial private-sector increase was in Trade, Transportation, and Utilities, up 71 jobs or 2.1 percent. The county added 1,033 jobs over the year from third quarter 2023 with the pace of job growth rising to 4.1 percent from 3.9 percent in the second quarter. Seven of the eleven major industry sectors were reporting increases. The largest contributor to the increase was Public Administration, up 778 jobs driven by an increase of 747 jobs or 7.3 percent in State Government. Walker County's employment variations are often driven by movement in State Government as it is home to the headquarters of the Texas Department of Criminal Justice and Sam Houston State University. Substantial gains were also found in Construction, up 136 jobs or 14.0 percent, Trade, Transportation, and Utilities, up 104 jobs or 3.1 percent, and Manufacturing, up 93 jobs or 7.1 percent. Additional details can be found pages 2 through 7.
