

Financial Aid Income Guidelines

Workforce Solutions uses multiple sets of income guidelines when determining eligibility for our income-tested financial aid funds. “Income-tested” means that a person must have an income at or below a certain level to be eligible for the aid or to determine customer contribution to aid.

We use the income guidelines to determine which income-tested funds we can use to provide substantial financial aid for education & training scholarships, education support, work support and job search support.

Staff must use the most current guidelines when determining eligibility.

Workforce Solutions has the following income-tested funds available for financial aid:

WIOA Adult

Child Care & Development Fund

WIOA Youth

Child Care Local Match Fund

Workforce Solutions financial aid income guidelines apply the Poverty Guidelines, the Lower Living Standard Income Level Guidelines and the State Median Income Guidelines as appropriate for the identified fund. There is special guidance for applying Income Guidelines for child care financial aid on page 8 of this document. New changes are in ***bold italics***.

Guidance for Applying Income Guidelines for Child Care Financial Aid

We use TWIST to record and process applications for financial aid for child care.

1. Effective February 2, 2022, Workforce Solutions will use the 85% State Median Income (SMI) for both Initial Eligibility and Sustaining Eligibility for customers applying for the general Income Eligible/At Risk and Local Match financial aid.
2. Customers initially applying must meet the 85% SMI Initial Eligibility income requirement to receive financial assistance for child care. At recertification, a customer's income cannot exceed the 85% SMI sustaining income limits to continue receiving financial assistance for child care.
3. Income eligibility limits are set in TWIST. TWIST will store the 85% SMI Initial Eligibility income requirement. Customers will be determined eligible initially with this income requirement.
